If you have ever been convicted of a felony or misdemeanor (other than a minor traffic violation) or pleaded guilty or no contest (resulting in a deferred adjudication) to any in-state, out-of-state or federal criminal offense, you must provide a completed Criminal History Questionnaire (PDF) along with your application materials.

The department will conduct a criminal history background check on all persons who apply for a license. Criminal convictions are reviewed on a case-by-case basis. Licenses may be denied based on the nature of the conviction and how long prior to the application the conviction occurred. Depending on your criminal history, a review can take from one to six weeks to complete.

Individuals may request TDLR review their criminal background before actually applying for a license. TDLR uses the same process for this pre-application evaluation as the process as a license application. See the Criminal History Evaluation Letter page for more information.

Please see the Guidelines for License Applicants with Criminal Convictions, which describe the process that TDLR uses to determine whether a criminal conviction renders an applicant an unsuitable candidate for the license, or whether a conviction warrants revocation or suspension of a license previously granted.

For more information regarding Texas licensing requirements please visit: <https://www.tdlr.texas.gov/barbering-and-cosmetology/individuals/apply-barber.htm>

(b) A student transferring to a school who desires to claim credit earned must inform the school transferred to prior to enrollment of the student's prior attendance and must furnish to

that school and the department a record of credit claimed. This record may be in the form of a transcript from the prior school or an extract from records of the department.

(c) Upon withdrawal, and provided that the agreed tuition and fees have been tendered, a student is entitled to an official transcript of credit earned at the school withdrawn from. The transcript must be ready for pickup or, if mailed, postmarked within ten calendar days of the school's receipt of notice of withdrawal. A copy of the transcript must be kept in the student's file for 48 months and the copy must be made available at the request of the department.

(d) A student who withdraws from a school is entitled to a refund in accordance with Texas Occupations Code, Chapter 1603 and this chapter.

(f) If a school closes or ceases operation before the class credit is earned, the student is entitled to a tuition refund in accordance with Texas Occupations Code, Chapter 1603.

(g) Any student of an out-of-state private or public school may submit a request to the department to transfer the completed credit to a Texas school. (h) A student enrolled for a class A barber, operator, or specialty course may withdraw and transfer hours acquired to another course not to exceed the amount of hours of that subject in the applicable curriculum standards.

Course Incompletion, Repetitions and Remedial Courses:

Course incompletions, repetitions, and non-credit remedial courses do not apply to this institution's form of instruction. The school does not issue incompletes and does not offer non-credit remedial courses. Course incompletes are considered a withdrawal. Students do not repeat courses. All hours attended are considered attempted. It is not possible for students to withdraw from individual subjects. Students withdrawing from school will receive credit for all work successfully completed up to the point of withdrawal. Transfer credit received will not be included in the calculation of the student's GPA.

Satisfactory Academic Progress Policy (SAP)/ Grading Policy:

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. This policy is established and maintained for all students in attendance at the school enrolled in a Council on Occupational Education (COE) approved program and/or receiving Title IV funds. This policy complies with the guidelines established by The Council on Occupational Education (COE) and the federal regulations established by the United States Department of Education

Evaluation Periods

Students are evaluated for Satisfactory Academic Progress as follows:

Barbering/ Cosmetology 1000 clocked (actual) hours (1-450, 451-900)

Esthetician 750 clocked (actual) hours (1-375, 375-750)

Manicurist 600 clocked (actual) hours (1-300, 301-600)

Eyelash Extension Specialist 320 clocked (actual) hours (1-160, 161-320)

*Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

Attendance Progress Evaluations

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Maximum Time Frame

The maximum time allowed for students to complete each course at satisfactory academic progress is 150% of the course length. The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 67% of the scheduled contracted hours.

Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis, otherwise the student may be terminated.

Academic Progress Evaluations

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 70% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and complete assignments. Numerical grades are considered according to the following scale:

90 - 100 EXCELLENT

80 - 89 VERY GOOD

70 - 79 SATISFACTORY

69 and BELOW UNSATISFACTORY

Determination of Progress Status

Students meeting the minimum requirements for academics and attendance at the evaluation point are making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

Warning

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

Probation

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who can meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

Re-Establishment of Satisfactory Academic Progress

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

Interruptions, Course Incompletes, Withdrawals

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Course incompletes are considered a withdrawal. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Appeal Procedure

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed, and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

Non-Credit, Remedial Courses, Repetition

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

Transfer Hours

Regarding Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

Re-Entry Students

Students re-entering school enter in the same progress status as when they left.

Make-Up Policy:

All tests, quizzes, and assignments are eligible for make-up. Scheduling make-up assignments are to be coordinated and arranged with the instructor.

Hours are eligible for make-up to help students graduate on time, however, the make-up hours are not deducted from absent hours that have already been accumulated.

Leave of Absence Policy (LOA):

Students may receive a leave of absence for emergencies, extended unforeseen circumstances beyond their control, death/grievance, and health concerns. Leave of absence will be approved only after the student completes the necessary LOA request forms. Students may receive 1- 180 days maximum of leave during their course enrollment. A student must be meeting SAP to request an LOA.

Unless a student is in the military and called for active duty or deployed. The student must return from a leave of absence on the day following a leave of absence end date. If the student does not return, the student may be dropped without notice. Proper documentation must explain the student's need for the LOA, and the duration for the LOA, and will require the student's signature. LOA time frame does not accrue any additional charges from Invictus Career College.

Students on approved LOA will remain enrolled for loan repayment purposes but need to be aware that the LOA may affect financial aid. Therefore, before final consideration is given to grant the requested LOA, the Financial Aid Advisor will meet with the student and provide information regarding the following: loan obligations possible revisions in his/her aid package, deferment options, notifications to lending institutions, effects on veteran-benefits, grace periods, and consequences of not returning to Invictus Career College at the expiration of the LOA. Students who have been granted an LOA will be considered withdrawn if he/she does not return to school at the end of the LOA. In this case, the student will be informed that the last date of physical attendance is used for the purpose of calculating the Return of Title IV funds and NSLDS reporting. Should withdrawal result, a student's grace period for a Title IV loan program might be affected based on the student's last day of attendance.

A LOA will be granted if the request meets the following: LOA forms submitted to the school in advance unless prevented by unforeseen circumstances and supporting documentation must be provided. Must be signed and dated with specific reasons for the request explained in full. The request must be approved by the school official. To request the full (180) days LOA, the student must have at least 270 hours, complete the request form, and provide documentation, i.e.: jury duty, military reasons including National Guard requirements, circumstances meeting criteria covered under FMLA (Family & Medical Leave Act of 1993).

When a student takes a LOA, the contract end date is amended. To calculate the new contract end date, the number of days of the LOA is added to the contract end date. LOA extensions must be completed in person.

Student Corrective Action Plan:

Invictus Career College follows a 3-step corrective action plan:

1.Warning/Incident Report

The incident is documented as a warning for violation of policies or as a formal statement of events (Blood Exposure and Accident reports are recorded using different forms). Students with 3 or more Warning/Incident Reports for violation of policies may result in a student advising/counseling session or an automatic suspension depending on the severity of the incident, number of occurrences, and discretion of administration.

2.Student Advising and Counseling

The student is counseled on a matter that can be resolved through an action plan.

3.Student Suspension

A suspension can result from 3 or more Warning/Incident reports that were in violation of the General Rules and Regulations, Student Conduct Policy, and at the discretion of administration for incidents that grossly affect the school, staff, patrons, and students. The length of suspension may vary depending on the incident.

Should the above action plan prove unsuccessful, the school upholds the right to terminate the students' contract resulting in a School Termination.
